DOW TECHNOLOGIES ANNOUNCES PRICE MATCH GUARANTEE
Guarantee Program Adds to Recent Customer Enhancements

TAMPA, Fla. (June 21, 2022) – DOW Technologies, the leading independently owned technology distributor, announced today the launch of their Price Match Guarantee. The program continues DOW's commitment to innovate new programs that provide customers the best value in distribution.

DOW's Price Match Guarantee ensures that dealers can get the best price in the market while also taking advantage of DOW's free shipping program, Smart Ship. DOW will match the price on identical products sold by authorized distributors within the same territory the customer is located. The guarantee covers all physical products in each of DOW's areas of business.

"Our goal is to add value for our customers through innovative programs and policies- offering the best price and best service from a single source saves them time and money" stated president & ceo John Yodzis. "This program adds to the enhancements we've rolled out over the past year that make purchasing and shipping easier for a business owner to manage."

"This new program gives us an opportunity to take price issues out of the equation," added senior vice president Dave Elkin. "At DOW, we've always competed using our great customer service and knowledgeable sales team, and now we have another tool to prove our value to customers."
